FORTY DAYS

Allowed Uncle Sam in Which to Withdraw Troops From Mexico

AGREEMENT IS SIGNED

Gen. Pershing Will Patrol Border With His Troops and United States Reserves Right to Send Detachments Into Mexico In Pursuit of Bandits—Carranza May Not Accept

(Associated Press Telegram)
Atlantic City, Nov. 25.—Signatures were affixed late yesterday to a protocol providing for the settlement of the controversies between the American and the Carranza government in Mexico. The joint American-Mexican commissioners completed the tentative agreement which will be submitted to the heads of both governments for their approval. The protocol provides for the withdrawal of General Pershing's forces within forty days after the approval of the agreement and provides for the proper protection of the border and the continuation of the effort to destroy the bandit bands.

The agreement is as follows:
"First.—The American troops now in Chihuahua, commanded by General John J. Pershing, shall be withdrawn within 40 days from the approval of the protocol by the respective governments, provided that within that time the conditions in that part of Mexico have not become such as to endanger the American border. In such event the time shall be extended.

"Second.—The Mexican army shall patrol the Mexican side of the border and the American army the American side, but this shall not preclude co-operation between the two forces to preserve peace upon the border.

"Third.—It shall be left to the commanding officers of the armies on the border of both nations to enter into such arrangements for co-operation in operations against bandits whenever it is possible.

The right of the American government to send troops across the border in pursuit of bandits was not incorporated in the protocol, but was made the subject of a supplemental memorandum. The Mexicans had contended earnestly against signing any agreement in which they appeared to sanction what they termed the violation of their national territory.

It was the agreement of the Americans finally to content themselves with stating the attitude of the United States in a separate memorandum, that induced the Mexicans to sign the agreement.

It became known today that this first request of the Mexicans for a recess was made several days ago. They desired to submit to General Carranza all the facts in the case and to obtain from him advice as to the course they should take. The Americans opposed such action, contending that further delay was inadvisable. Yesterday the insistence of the Mexicans resulted in consideration of the suggestion, and today the discussion was resumed with all the Mexicans were not willing to sign, but the Americans succeeded in convincing them that inasmuch as the correspondence which had led to the creation of the commission provided for the submission of the agreement to their respective governments for approval, valuable time could be saved by taking the signed protocol to Carranza.

The clause providing for the withdrawal of General Pershing's force states that should the bandits in Chihuahua appear near the border in such forces as to prove a menace the American troops, acting independently or in conjunction with the Mexican forces, may disperse them. In such case the time for their withdrawal shall be extended to such time as made necessary by the developments.

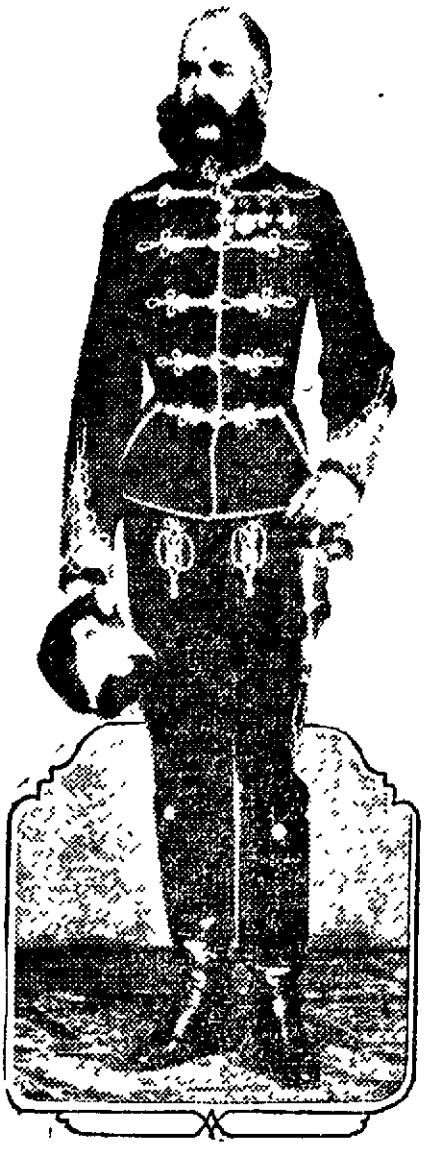

The Mexican commissioners agreed that as the American troops are withdrawn, Mexican troops shall be moved forward to occupy the territory evacuated. The disposition of the Mexican troops shall be left to the Mexican commander. General Pershing is to have charge of the plan if withdrawal and the right to use the railroad to Juarez for the transportation of his troops and arms.

SPECIAL SESSION OF LEGISLATURE WILL BE DISCUSSED

Columbus, Nov. 25.—Republican politicians here have not yet given up hope of having a special session of the legislature called by Governor Willis before he goes out of office, for the purpose of investigating the high cost of living and confirming the governor's appointments. The subject will be discussed before the Republican state central and state executive committees which will meet here next Tuesday.

NEWSPAPERS BOOST PRICE.
Buffalo, Nov. 25.—Five Buffalo newspapers today announced an advance in price from one cent to two cents a copy. The increased cost of white paper and other materials was given as the cause for the advance.

BILLION

DOLLARS IN GOLD NOW HELD BY U. S. TREASURY INCREASE OF HALF BILLION.

Money in Circulation Increases Nearly Half Billion in Last Fiscal Year.

(Associated Press Telegram)
Washington, Nov. 25.—The great inflow of gold into the country during the past fiscal year increased the treasury holdings of the precious metal to \$1,803,493,933 on June 30, last, an increase of \$420,532,943 over the previous year according to the United States treasurer's annual report made public today. Gold imports were \$194,000,301 and exports \$90,249,518.

Money in circulation in the United States at the close of the fiscal year aggregated \$1,024,097,762, an increase of \$454,578,188 over the previous year. There was a remarkable growth in the gold coin and certificates in circulation, the increase being \$338,091,123.

The gold and silver coin trust funds, held to redeem outstanding notes and certificates increased \$387,987,402 during the year and at its close amounted to \$2,077,409,391. The increase in gold in the trust fund was \$391,691,300, while the silver decreased \$3,703,898.

The government's ordinary receipts totaling \$779,664,552, were an increase of \$87,180,107 over those of 1915. Ordinary disbursements \$724,492,999 were \$5,610,593 less than the preceding year and the surplus on ordinary transactions of \$14,633,733, paid out of the treasury general fund, and the total net balance expended out of the general fund and reimbursable from Panama bonds not yet sold is \$228,710,200. Receipts and disbursements on account of the public debt showed a net excess of receipts of \$33,738,439.

The balance in the general fund June 30, including \$35,000,000 to the credit of disbursing officers was \$255,927,946. The treasury distributed to sub-treasurers and banks \$1,093,748,025, a \$256,000,000 increase over the previous year.

SYRIAN BANKER TAKES FRENCH STOCK IS UNDER ARREST.

(Associated Press Telegram)
Geneva, Switzerland, Nov. 25, via Paris.—A Syrian banker named Geobran Rabbat has been arrested here charged with having in his possession a quantity of Russian, Serbian and French government stock taken by Germans in occupied territory. Three other persons who, it is alleged, went to Paris twice a month to cash coupons from similar securities, have also been arrested. The French government has demanded the extradition of the four prisoners.

DEFEAT

Again Is Lot of Bandit Villa in Attack on Chihuahua This Morning

LOSSES HAVE BEEN HEAVY

Machine Guns Did Deadly Execution When the Villa Line Crept Through Ravine—Several High Officers Killed and Wounded On Both Sides—Villa Is Driven From Suburbs

(Associated Press Telegram)
Juarez, Mex., Nov. 25.—The Villa bandits again were repulsed early today by the Carranza forces defending Chihuahua City, according to a message received at military headquarters here. The message said the repulse was even more decisive than those of yesterday and Thursday, the bandits being driven clear of the suburbs after desperate efforts to penetrate to the heart of the city and take it by storm. The defeat marked the third day of the fighting in Villa's effort to wrest the capital from General Jacinto B. Treviño's constitutional forces.

MOVE ON JUAREZ.

(Associated Press Telegram)
El Paso, Nov. 25.—A band of approximately 150 men mounted and armed was seen moving along the Mexican bank of the Rio Grande early today in the direction of Juarez, according to United States army officers who watched them closely through field glasses. The Juarez garrison commander was notified.

GENERAL'S BODY FOUND.

Chihuahua City, Nov. 25.—Another attack by the Villa bandits on this city from the east was begun early yesterday and was repulsed, as were the previous attacks by the bandits, with heavy losses to the attacking forces.

The machine guns did deadly execution in the ranks of the bandits, who crept up from the east under cover of a deep arroyo, or dry wash. The rapid fire cut down the advancing thin lines of bandits like a mower in a field of standing grain. The dead and wounded were left on the battlefield, as was done in the previous assaults. When the enemy broke and ran in disorder, the heavy artillery took up the brunt of the fighting as the machine guns were outranged. General Ozuna, commander of General Treviño's cavalry, pursued the bandits and completed their rout. The Villa forces fled toward the northwest and now are believed to be out of touch with the remaining Villa commands.

Among the wounded yesterday was Governor Francis Treviño, brother of General Treviño, who was shot in the hand. Two officers of General Treviño's general staff have been killed. The body of General Julio Acosta, one of Villa's commanders, was found to the west of the city, as was the body of Andres Sada, Villa's secretary.

General Acosta of the Carranza cavalry column, during the cavalry engagement Thursday. General Treviño, though wounded in Thursday's battle, was again in personal command yesterday and made an inspection of the fortifications with his staff.

GROVER KILLS NEGRO HE SUSPECTED OF ROBBERING HIS SON.

Marion, O., Nov. 25.—An Italian grocer named Sansotti is under arrest here today charged with the murder of Oliver Baird, colored, who the grocer claimed robbed his store last night. The grocer was entered during the night and Sansotti obtained what he thought was conclusive evidence that the negro was the burglar. He started out to look for Baird this morning and when he met the negro on the street he drew a pistol and shot him five times, killing him instantly.

GERMAN DESTROYERS RAID BRITISH COAST.

(Associated Press Telegram)
London, Nov. 25.—A raid by six German torpedo boat destroyers on the English coast which took place Thursday night was announced in an official statement today. The raid was ineffective, according to the statement which declares that the six German destroyers participating in it steamed away quickly after firing a dozen rounds, one shell striking a small vessel but causing little damage and no injury to the crew.

DIVING GIRL REFUSES TO GIVE MAN'S NAME.

Akron, O., Nov. 25.—An iron wall of mystery surrounds a case which came to light here today. Goldie Myers, 16, is dying in a local hospital, the victim of a criminal operation. She refuses to give the name of her betrayer or the physician who performed the operation. City and county officials are bending every effort to get her to speak.

"My secret will die with me," she says, in answer to repeated questioning.

GETS FEDERAL PARDON.

Washington, Nov. 25.—President Wilson today pardoned Charles A. Mills of Bluefield, W. Va., convicted of illicit distilling, on the ground that he had been of service to the government in prosecutions in West Virginia.

WINGED BOMBS DROPPED FROM AEROPLANES GATHERED AFTER DESTRUCTION OF TOWN ON THE SOMME FRONT

The ruined town and the winged bombs which did the work. An aeroplane attack in the Somme region utterly ruined all the buildings of a French village and cut down an adjoining wood. The photo shows an immense quantity of these winged wreckers that were gathered into piles after the bombardment of the town had ceased. The efficiency of the aero attack has been proved many times in the great war, and here is a horrible example.

NAVY LAUNCH CUT IN TWAIN; FIFTY LIVES IMPERILED

(Associated Press Telegram)
San Francisco, Nov. 25.—A launch from the naval supply ship Glacier was cut in two by a river steamer off the Mission street wharf today. Fifty or sixty men were thrown into the water, first reports said.

The Glacier lay at Man o' War anchorage. The launch going to and from shore had to cross the path of the big Sacramento river stern-wheelers, which arrive and depart early in the day.

One man is known to have been drowned. It was said a toll call would be necessary to determine how many, if any others were lost. The launch, putting off crowded with men returning from shore leave, was swept by the tide under the stern wheel of the river steamer Apache, as she backed out from her berth. The big steel paddle blade sheared off the stem of the launch, which sank. Every man aboard was thrown into the water.

A fleet of small boats was rushed to the scene and began picking up men. The United States cruiser South Dakota, at anchor, a mile away, rushed her launches to the rescue, and picked up the first body.

It was said that six men were not accounted for at first muster, but these might still be ashore.

TRADE UNIONS OF ENGLAND PROTEST GOVERNMENT PLAN.

(Associated Press Telegram)
London, Nov. 25.—Trade unionism, which has been growing informally at the prospect of the introduction of colored labor in Great Britain since the proposition was first mooted, has now made a formal protest. The national transport workers federation, one of the largest unions, has passed a long resolution condemning certain proposals of the government affecting labor. The resolution says in part:

"The federations executive hopes that the authorities will not be so ill advised as to attempt the introduction of any class of colored labor on the docks or other waterside places of employment. In the existing crisis to think of employing colored labor would mean the recurrence of all the trouble and discontent experienced by the increased employment of Chinese in the mercantile marine."

MEXICAN BANKS FURNISH GOLD TO THE GOVERNMENT.

(Associated Press Telegram)
Mexico City, Nov. 25.—National Treasurer Zambrano announced tonight that a loan of 12,000,000 pesos national gold has been practically arranged with Mexican bankers. He said that this sum would guarantee the issue of paper money at two cents on the dollar, twice its present value, and on the basis of the usual guarantee of paper issue would raise the price to six cents on the dollar. The loan will be guaranteed by national bonds, which will be purchased by a large loan which, Senator Zambrano said, Rafael Nieto, under secretary in the minister of finance, was arranging in the United States.

HE GOT THE GEN.

(Associated Press Telegram)
Elmira, O., Nov. 25.—William Barnes of Toledo, became enraged when a saloon proprietor refused to sell him a glass of gin and is alleged to have hurled a brick through a show window and helped himself to a bottle of gin. He was bound over to the grand jury under \$300 bond.

MONSTER CROWD SEES STATE-N. W. GAME FOR TITLE

(Associated Press Telegram)
Columbus, Nov. 25.—A crowd numbering approximately 15,000 persons this afternoon watched the football teams of Ohio State and Northwestern Universities battle on Ohio field to decide the championship honors of the western conference.

Ohio State entered the contest the favorite. Northwestern supporters demanding slight odds in all bets. The crowd, was the largest that has ever witnessed a football game in Ohio. Playing conditions were ideal, the weather being a bright sun.

Northwestern won the toss and chose to defend the south goal. Harley kicked off to Ellingwood. Northwestern's 23-yard line. Kohler made six yards off right tackle. Northwestern punted 25 yards to the 50-yard line. Harley made nine yards around right end and on the next play made first down. Sorensen made one yard. Harley made eight around right end and then Sorensen bucked for first down. Harley made three around left end and Hurm gained four. Ohio State was penalized 15 yards for holding. Harley made three on a short end run. Hurm bucked for six straight through, and Harley made a place kick from the 3-yard line. Time six minutes. Score, Ohio State 3, Northwestern 0.

Harley kicked off 40 yards to Brightmire who returned 20 to his own 42 yard line. Kohler failed to gain and Driscoll lost two yards. Driscoll punted 45 yards to Harley who returned to his own 25 yard line. Harley and Sorensen made even and Northwestern was penalized five yards for off side play. Sorensen made 10, Hurm seven and Northwestern was again penalized five yards for playing offside. Harley two and then Sorensen made first down. The ball was on Northwestern's 25 yard line.

Harley made one on a wide end run. Hurm added three on a short end run. Bolen's pass gained a yard and the ball was out of bounds. Harley's attempted placement from the 26 yard line was blocked and Sorensen recovered the ball and was on the 12 yard line.

Hurm hit left tackle for five and Bolen made two. Hurm went through and then Harley punted 45 yards to Driscoll, who ran 45 yards to Ohio State's 44-yard line where Holliman tackled him. Driscoll and Ellingwood made a yard. A forward pass was incomplete and the quarter ended with the ball in Northwestern's possession on Ohio State's 42-yard line. Score, Ohio State 3, Northwestern 0.

Holliman attempted a drop kick from the 44 yard line but fell short. Ohio State's ball on their own 29 yard line. Hurm failed to gain. Harley made one and Northwestern was penalized five yards for offside. Sorensen made four off left tackles. Harley fumbled and Northwestern recovered on Ohio State's 20 yard line.

Kohler then failed to gain. Driscoll tried a dropkick from the 40 yard line but it was short and Ohio State's ball on their own 29 yard line. Hurm made one and Northwestern was penalized five yards for offside. Sorensen made four off left tackles. Harley fumbled and Northwestern recovered on Ohio State's 20 yard line.

Score: Yale 6, Harvard 3; second period.

ARMY-NAVY GAME

(Associated Press Telegram)
Polo Grounds, N. Y., Nov. 25.—Approximately 50,000 persons saw the annual Army-Navy football game here this afternoon. A special battalion of 125 policemen was required to handle the crowds about the grounds.

Among the spectators were President Wilson and his family.

CORNELL WINS EVENT.

(Associated Press Telegram)
New Haven, Conn., Nov. 25.—Cornell won the intercollegiate cross-country run on the New West Rock course here today. John Overton, the Yale captain, won the individual championship, covering the course in 35 minutes 30 3-5 seconds.

ULTIMATUM

Requiring Surrender of Ammunition by Greece, Delivered by Entente Allies

GOVERNMENT WILL RESIST

Balkan Situation Assumes Grave Aspect With the Threatened Destruction of Rumanian Defense and the Crisis Now Faced By Greece In Effort to Maintain Neutrality

(Associated Press Telegram)
Athens, Nov. 24, via London, Nov. 25, 2:55 p. m.—The entente allies have delivered an ultimatum to Greece requiring delivery of Greek arms and guns, which was demanded recently.

The ultimatum, which comes from Vice Admiral Du Fournet, commander of the allied squadron, while allowing only a short period in which the arms now in Athens are to be surrendered, declares willingness to grant a longer time for delivery of war materials in Thessaly and Macedonia. The shortest time allotted is 48 hours and the longest is one week. Unless the demand is complied with, the admiral declares, he will take measures calculated to induce compliance with it, progressing in severity if the delay increases. The resignation of the cabinet is considered imminent.

RUMANIA IS SQUEEZED BETWEEN GREAT JAWS OF THE TEUTONIC MACHINE.

(Associated Press Telegram)
London, Nov. 25.—The process of squeezing Rumania between the jaws of the Teutonic military machine is proceeding with notable rapidity. Pushing eastward after their capture of Craiova and the conquest of Little Wallachia, Gen. von Falkenhayn's troops have broken Rumanian resistance in the valley of the lower Ait and apparently already have turned this supposedly strong line of defense across western Rumania to which the Rumanians had retreated. A crossing of the Ait in this region is reported by Berlin. Concurrently, Field Marshal von Mackensen, operating the other jaw of the nutcracker, has forced a passage of the Danube near Zimniza giving him a footing on Rumanian soil 25 miles in the rear of the Danube end of the Ait line, which touches the river near Turnu Magurele. The landing at Zimniza also placed Von Mackensen but 70 miles from Bucharest to the northwest.

On the northern end of the Ait line where the Teutonic armies have been pressing down from Rothernthum pass further inroads on the Rumanian defenses have been effected, according to Berlin, which records the capture of several villages despite a strong effort by the Rumanians to retain them. The Petrograd statement admits a Rumanian retreat here. On the frontier of Moldavia the Germans report the repulse of a Russo-Rumanian offensive movement in the Gergyo mountains.

The Rumanian forces which were operating in the Orsova region evidently have retreated into the mountains northeast of Turnu Servin, as Berlin reports Rumanian battalions there cut off from the main army.

They are still making stubborn resistance, the German statement says, but apparently they have no recourse but ultimate surrender to escape extinction.

The entire advance in Macedonia shows signs of halting. Paris reports further progress for the Italians west of Monastir but announces that generally the operations have been slowed up by fog and rain. Berlin declares the Italians were held in check and that efforts of the Serbians to advance east of Monastir were repulsed.

The official statements from London, Paris and Berlin agree in reporting quiet on the Franco-Belgian front.

The provisional government of Greece headed by former Premier Venizelos has formally declared war on Bulgaria, according to news dispatches from Athens.

Advices from the Greek capital report that any attempted force by the entente to obtain possession of Greek arms and ammunition has demanded of the Greek government will meet with resistance.

GOVERNMENT IS READY TO TAKE CASE TO HIGH CT.

(Associated Press Telegram)
Washington, Nov. 25.—The department of justice was ready today to take to the supreme court the Missouri, Oklahoma Gulf suit to test the constitutionality of the Adamson act. Transcript of the records in the case, decided against the government by Federal Judge Hook at Kansas City, was expected to reach the department today and will be filed at once with the supreme court. Counsel for the government and for the railroads agreed yesterday to make a test case of that suit and the court reconvenes Dec. 4, both sides will request an early date for argument.

CLASSY FOOTBALL
IS PROMISED FOR
SUNDAY AFTERNOON

McDaniels Meet Dennison Pan Handle
at Wehrle Park—Game
Will be Called Promptly at
2:30 O'Clock.

Tomorrow afternoon at Wehrle park, the speedy McDaniel football team, will meet the Dennison Pan Handle team, in what promises to be one of the best games of the season. The Pan Handles need no introduction to the fans who are familiar with professional football teams in the state, as it has met and in many instances defeated the classy aggregations.

Accompanying the team, will be a large crowd of Dennison fans who are anxious to see their team break the record held by the locals of not having lost a game to a first class team in two years. The McDaniels lost their first game in two seasons, this year on their first attempt, but that was due to a mental blunder which could not be attributed to the team as a whole.

Ten at Columbus a few weeks later, they went down to a defeat because of the absence of a number of good players. But tomorrow afternoon, the team will be the same old fighting bunch, with the exception of Leedy, the star left guard, who will be out of the city. Charles Metro, the "terrible Turk" wrestler, will take Leedy's place on the line and from all reports, the grappler is considered a good man.

Bowser will be in the game as will Hughes, Thull, Elies, Jackson, Carter, smeltz, Williams, Jenkins, Smith, with a good strong bunch of subs on the line who can be put into the fray without weakening the playing strength in the least.

The game will be called promptly at 2:30 o'clock and a large crowd is expected to turn out and pull for the "Macs" to win from the downstaters. Last night the McDaniel players but in a hard practice at the Newark Physical Institute, in the Music Hall building and later were the guests of Manager McDaniel, who served them a sumptuous oyster supper.

On Thanksgiving the McDaniel team will be opposed by one of the greatest football machines in the state, at Wehrle park, when the famous Marion Questions come here for the Thanksgiving classic. On this day of turkey and cranberry sauce, the big football game of the season is usually played and Manager McDaniel has gone to considerable expense in securing a high class attraction.

In addition to the McDaniel-Marion Questions game, it has been announced that another star attraction will be given the fans, by the Fitzsimmons all-star aggregation stacking up against Frank's Batters, which team bears the reputation of being the gamest eleven in the state.

BASKETBALL SQUAD
HAS FIRST PRACTICE;
ONLY TWO VETERANS.

Granville, Nov. 24.—Denison University held the initial basket ball practice of the season yesterday. The members of the varsity football squad were not required to report, as these men already are in good physical condition. However, a number of them were out. About 18 promising candidates reported for the first practice.

Captain Jenkins and Meredith are the only regulars of last year's squad left for Livingston to build a team around. The loss of Thiele, captain of last year's quintet, Ladd and Stankard will be keenly felt. In spite of the loss of these men the material is such that Denison will again be a contender for the championship.

"Knockie" Rupp of football fame is expected to report after resting up from his strenuous football campaign. Several members of last year's freshman team doubtless will make good. Perhaps the most promising of these are Cook and Earnshaw. A few men from last year's squad may show enough improvement to make a regular berth on the team.

The first night's practice was short and no scrimmage was indulged in. Accuracy both in passing and shooting baskets was demanded from the beginning.

TWO SALOONISTS
GET LICENSES AT
ELEVENTH HOUR

The new saloon licenses become effective Monday, the old licenses expiring tonight at midnight. Licenses which have not been granted in this county to applicants operating saloons become void after today and such places must close.

Licenses which were held up for investigation in the cases of Samuel Gallagher, operating a place in West Main street, and Ernest Jones, corner of South First and Railroad streets, were granted by the local board, providing they comply with certain restrictions, which they agreed to do.

The quota of licenses allowed Licking county is not full and there are still three which can be granted. There are now two applications on file at the office of the liquor license commissioners and they will be acted upon within a few days. When the quota is not filled the commissioners have the power to grant application at any time.

movement of his supplies if he desires.

The Mexicans contended earnestly for the incorporation in the protocol of a clause providing that if troops were sent across the line in pursuit of bandits they should be moved only to certain distances; that they should comprise only certain arms of service and include only a specified number of men; that they should be kept in the country only a certain time, and that they must be moved only in certain regions. To all these arguments the Americans were firm in their insistence that there must be no limitations.

If the protocol is ratified by the two governments, the commission will convene against December 8 to resume the discussion of other questions affecting the two countries, especially those related to the protection of Americans and other foreigners in Mexico. If ratification by either government is withheld, the work of the conference will be declared at an end.

Where the adjourned session of the committee will be held was not determined when the conference was finished. The question was left to Secretary of State Lansing and Ambassador Designate Arredondo.

BILLY SCHROBER
COMES TO NEWARK
NEXT WEDNESDAY

Man Who Beat Pet Brown Will be
Bowser's Next Opponent—Will
be Tough Bout for Champ.

The great Billy Schrober, of whom the fans have heard so much, and who is thought to be the one man to give Paul Bowser his hardest fight to win, will be the attraction at the Auditorium theatre on next Wednesday night.

Schrober and Bowser, world's middleweight champion, have agreed to settle the question as to which is the better man, and this assures the lovers of the mat game, of seeing plenty of excitement. Schrober bears a national reputation among the middleweights as being a great grappler and the only man who ever earned a decision over Pet Brown, the Texas cyclone, in the latter's home state.

According to newspaper clipping, Schrober several months ago at a cattleman's convention in Houston, Texas, met and won the decision over the pride of Texas mat followers. After the referee had declared Schrober the winner, the chief of police of Houston jumped onto the mat and told the referee, that Brown had won and no other decision would be accepted.

Fearing trouble the referee changed his decision but the next day stated in the newspapers that Schrober had won the bout, although he suffered a terrible roughing at the hands of Brown. Schrober appeared here two weeks ago with his "unknown" and at that time issued a challenge to the champion to meet at catch weights. The match was arranged and Bowser has begun hard training for the go.

Next Wednesday's match will be the last held in the Auditorium for three weeks, as the management has filled all his dates with road show attractions.

LIGHT CIRCUIT
BREAKS; TROUBLE
CAN'T BE LOCATED

For the past two days linemen from the city plant have been endeavoring to find an opening in the circuit controlling the west end of the city, which has caused 160 lights west of Sixth street, to be out for two nights.

Service Director W. C. Christian said this morning that the department was exerting every effort to get the lights working by tonight, but that it was encountering considerable difficulty in locating the trouble. Two circuits went open Thursday night, one effecting the public square and the other every light west of Sixth street.

The trouble on the square circuit was found after a two hours search, but the other could not be located.

W. R. C. PRESENTS
FLAG TO SCHOOL;
OLD GUARD AIDS.

On Friday afternoon the members of the women's Relief Corps presented St. Francis de Sales school with a handsome flag.

The presentation was made by Mrs. McDermott, president of the Relief corps and the acceptance speech was made by Rev. Father B. M. O'Boylan, pastor of the church. He gave a short patriotic address and the children of the school sang "The Star Spangled Banner" and "Red, White and Blue."

The presentation took place in the commercial department of the school at one o'clock and the members of the Old Guard, the drum corps and the color bearers acted as escort to the flag.

The Woman's Relief corps has given a number of beautiful flags to the different schools of the city.

THREE FROM NEWARK
ADMITTED TO SHRINE;
MEETING FRIDAY.

About seventy members of the Licking County Shrine club went to Columbus Friday to attend the initiation ceremonies. Three candidates from Newark, Harold Smucker, Elmer Hukill and Eppie Frenier were taken into the Shrine.

The initiation was featured by the presence of the Imperial Potentate of North America Nedringhaus, of St. Louis. Mr. Nedringhaus has jurisdiction over all parts of North America.

Following the initiatory services the Aladdin's Lamp entertainment was given and was followed by a banquet.

LYCKING MAN
ON PROGRAM OF
FAIR CIRCUIT

In all probability several of the officials of the Licking County Agricultural society will attend the annual meeting of the Ohio Fair Circuit, which is to be held at Marion, O., Monday and Tuesday.

The convention is to be held in the handsome new Elks Home, and the Ohio Fair-Boys are to be the guests of the Marion Chamber of Commerce and the Marion County Fair Board at a banquet at 6:30 o'clock, Monday evening.

Licking county has been honored by having Secretary Frank B. Dudgeon of the fair board assigned a place on the program as one of the after dinner speakers. Secretary

FRANK B. DUDGEON.

Dudgeon will respond to "He was a Good Man who first Ate an Oyster and Paid the Freight," the program stating that "salt and pepper would be served with this course."

Others on the program at the banquet will be Col. Myers V. Cooper of Cincinnati, Congressman John S. Key, Judge Grant Mouser, A. E. Shafer of Wapakoneta, U. S. Senator Warren G. Harding, Hon. A. P. Sandles of Ottawa, president of the fair circuit and several others.

Preparations have been made to entertain 500 visitors, which will include fair officials, editors, teachers, turfmen and privilege men. It is to be the first gun for bigger and better fairs in 1917.

The first session will be called Monday afternoon at 4 o'clock and adjournment at 6. The banquet follows at 6:30. The Tuesday morning session will start promptly at 9 o'clock and will conclude shortly after the noon hour with the election of officers for the ensuing year and the selecting of the meeting place for 1917.

WORK OF FARM AGENT, IS SUBJECT FOR DISCUSSION

The Agricultural Bureau of the Chamber of Commerce will meet Monday evening at 7:30 o'clock with a committee from the Licking County Poultry Fanciers' association to confer on the coming poultry show and how it may be made a success.

The bureau also will discuss plans for co-operating with the newly organized Licking County Farm Bureau Association, which is working for 431 members at \$1 a year dues, which will insure federal and state aid, in providing a county agricultural advisor for the work.

The sort of work taken up by a county agricultural advisor or agent rests with the local needs. Each member in the association has a chance to call attention to these and to help in determining the plan for meeting them. The solution of various farm problems has been successfully undertaken by agents in seventeen Ohio counties as well as in other states where these men are employed, and they have been almost uniformly successful. Among the things that the agents have helped to introduce in Ohio are:

Better methods of crop production.

Proper use of lime and fertilizers.

Elimination of weeds such as garlic by spraying.

Better livestock.

Cow testing associations.

Eradication of oats smut and other plant diseases.

Drainage, water supply and sewage disposal systems.

Study of the farm business.

Grading of produce for market.

Community co-operation.

Arrangement of farm buildings.

Extension schools, farmers' institutes, agricultural tours.

Boys' and girls' clubs in agriculture and home economics.

Home beautification.

Fair exhibits.

Owing to their nature, all of the things mentioned have been accomplished only in a relative sense.

Crop yields, for instance, have not been increased by astounding advances.

The agricultural interests of the counties are being developed only gradually. On the other hand, however, unusual results are often obtained, as for example, in the work of the cow testing associations, in the treatment of oats for smut and in the liming and fertilization of soils.

For example, results of the oats smut campaign in Mahoning county last spring show that 50 fields of oats sown with formaldehyde-treated seed were practically free from smut. Only a trace, estimated at less than one-thousandth of 1 per cent could be found. When untreated seed was used, however, the loss was from 3 to 25 per cent. On untreated areas it was possible for the county agricultural agent to pick thirty-eight smutted heads without moving. In one field a loss of 20 per cent was noted in an untreated area.

Attention is given to marketing as well. Peach growers, for instance, in the vicinity of Cincinnati were paid 25 cents a bushel more for the better grades of their peaches the past season by the proper selection into four grades, as shown by the county agricultural agent and assistance he secured.

The rural social problems are also most carefully studied. Assistance is given to many community gatherings at Granges, schools, churches and other social centers.

Lodges

ROYAL NEIGHBORS.

A class of five candidates was initiated by Daisy Camp 2574 Royal Neighbors at the last regular meeting and one applicant for membership in the order was accepted. A luncheon followed the business session. An open meeting for the members and friends will follow the next regular meeting on Nov. 28. The business session will start at 7 o'clock and the open session at 8.

MODERN WOODMEN.

At the regular meeting of Cedar Camp held Wednesday night considerable business was transacted. Two applications for beneficial membership and one by transfer card were received and acted upon. Two candidates were received and adopted as members of the camp. State Deputy N. C. Sherburne stated after the holidays Deputy Rogers would be here to work for the camp. The Chief Forester can use four or five more men on the drill team. The refreshment committee served chili con carne following Wednesday night's business session.

RED MEN.

At the regular meeting of Minnewa Tribe Friday, three applications for membership were presented. One application was voted upon and applicant elected. December 1 the annual election of tribal officers will be held. The Past Sachems of the tribe will cast their votes for the Great Chiefs of the Great Council of Ohio. Minnewa Tribe has about 60 Past Sachems and an effort is being made to go as many present at this meeting as possible. The refreshment committee appointed at the last meeting report that arrangements are about complete for the next meeting. The adoption degree will be conferred at the next regular meeting.

I. O. O. F.

Canton Olive met Wednesday evening with an excellent attendance. After the routine business had been taken care of Major-General Perry D. Knapp of Toledo, the Department Commander, was introduced. He spoke very interestingly of the work being done by the Department of Ohio. The remarks were also very instructive. After the closing ceremony a rabbit supper was served.

Gen. Knapp in the afternoon visited the proposed camp ground of the Department Council. He says we have the finest place for camp that has been offered the Department since the annual encampments have been held.

Newark Lodge.

Newark lodge met last Monday. Next Monday the lodge will have degree work. The lodge is starting arrangements for initiation night in January.

Olive Branch Lodge.

Olive Branch lodge No. 34 met Tuesday evening. First nomination night for officers is next Tuesday night. There will be work in the third degree. On the first meeting night in December subordinate lodge officers and grand lodge officers will be elected. It is expected that the refreshment committee will have something special for that night.

LOYAL ORDER OF MOOSE.

Licking Lodge, No. 499 held a special meeting Wednesday evening. A number of good talks were made. Mr. August reported he was doing fine. Next Wednesday evening there will be a special meeting. A social session after lodge Lodge will meet every Wednesday evening while charter is open.

K. OF P.

Roland Lodge.

The regular lodge session on Tuesday evening was very short, being rushed through while the big parade of Knights attending the county meeting was taking place.

When the parade was over and the brethren returned, the hall was turned over to those having the big meeting in charge. A feature of the evening session of the convention was the exemplification of the Knight Rank by Roland's new team.

The work was a revelation to all, especially the visitors. The consensus of opinion was that it was the best ever witnessed in this section of the state. The work went through without a hitch and much credit is due those taking part. With the addition of new robes, which have been ordered, the work will be more impressive than ever, if that is possible. The convention all the way through was a decided success, excelling in numbers and enthusiasm any former event of the kind in recent years.

Next Tuesday evening will be first nomination night for officers for the coming term, also finishing work on the candidates of last Tuesday evening. Your presence is appreciated at all meetings. Visitors are always welcome.

Newark Lodge.

The regular meeting of Newark Lodge, No. 13 held on Thursday evening was a very interesting one if not largely attended. One new application was received and referred to an investigating committee. There was no degree work on for this occasion but there were several matters of importance taken up and given a thorough discussion, one of which was our annual entertainment on January 1. A committee was appointed to make the necessary arrangements for this entertainment.

On Thursday evening, December 7, the Page Rank will be conferred in the new form. A movement is now on foot to have a lady quartet for this occasion.

WHO CHANGED THE SABBATH FROM SATURDAY TO SUNDAY

Interesting Topic to be Discussed by Evangelist H. A. Weaver, Sunday Night.

EVANGELIST H. A. WEAVER.

This being one of the outstanding differences between the Adventists and other denominations, that they observe Saturday, the Seventh Day of the week, as the Sabbath instead of Sunday, the first day of the week. Mr. Weaver announces that because of the public interest in the question in the city of Newark since the annual encampment here, he will spare no effort in giving the people a clear, fair and honest presentation of the facts connected with this reformatory movement which his people are engaged in. His lecture Sunday night at the Adventist church, 25 North Sixth St., next Sunday night, at 7 o'clock, promises to be full of interest. All people of any church or no church are invited and welcome. 11-25-16

Readers' Viewpoint

Editor of the Advocate:

What shall we do with the escrow fund? There has been considerable agitation lately as to what should be done with the escrow fund in case it should fall into the hands of the gas consumer. First the gas company wanted it which did not meet with the approval of any one except the gas company and its hired attorneys.

Now there is a movement on foot to give it to the City Hospital and city library. No doubt both of these institutions could very handsily use it, but if we are to receive this money why not put it where it will do the most good to the greatest number of citizens?

Why not make it pay dividends, and big dividends. We are to stay living in the electric age but are deprived of the use, the convenience, the comfort and the luxury of electricity, simply because we are at the mercy of a soulless corporation. Now would be the golden opportunity to throw off the yoke of this corporation without any inconvenience or with little sacrifice to the citizens of Newark.

It is still fresh in the minds of the citizens how we paid \$100,000 to free ourselves of the grip of the water works company, and while I bitterly opposed it at that time I believe it was one of the best bargains Newark ever struck. We are now enjoying the lowest water rate in the state and the plant is more than paying for itself.

To free ourselves of another one of these "public benefactors" as they style themselves, (the public utility corporations) would be a dividend paying proposition and a lasting benefit to the city of Newark. We are today taxed 9 cents per K. W. for electricity, last year the O. L. & P. Co. offered to sell it to the city for 1.1 cents per K. W. at the switch board which means that the city would have to distribute it. The O. L. & P. Co. no doubt figured a profit on the power it would sell to the city, so allowing 1 cent for profit, the power company is getting 3 cents per K. W. for distributing electricity to the private consumer. That would be at the same ratio as going to the grocery after a pound of crackers which cost 10 cents, but if delivered they would cost 90 cents, this is called the high cost of distribution. In Columbus and Cleveland electricity manufactured by the municipalities is sold to private consumers for 3 cents per K. W. and there is not a doubt but that Newark can do likewise.

From the estimate made last year a plant could be built for from \$50,000 to \$60,000. The escrow fund would amply take care of the expense of such a plant and the citizens would be greatly benefited by putting the rate for electricity within the reach of all.

Lets "kill two birds with one rock", get rid of the electric light corporation with its prohibitive light rate, make our own electricity and use it instead of gas which has been very unsatisfactory of late years owing to the variance in pressure maintained by the gas company on its service lines.

Has any one better proposition for the "escrow fund", if so let's hear it. E. L. Schnaidt.

The campaign to secure a part of the gas escrow fund for the Hospital and Library has been abandoned as outlined in the editorial and news columns Friday.

No effort was attempted to obtain any part of the fund against the gas consumers' will, though the impression exists among many that the action of a majority of the consumers would bind all. Many of the lawyers declare that it is useless to talk of using the escrow fund as a whole or in part for any public purpose. If the court holds that the fund belongs to the consumers it then goes to the individual consumers as their interests appear and they can do as they please with the money. The court will soon decide whether the fund will be paid to the gas company or divided among the consumers.—Editor.

Our Boys and Girls

An ideal way to amuse a child who is convalescent, or one who has become tired from a long journey, is to place a picture advertisement over a piece of white paper, then prick with pins the outline of the picture. When the original picture is removed, the outline can be colored. This will afford pleasure for hours.

All "kiddies" like to play in sand and nothing gives them more joy than to handle colored sands. Light sand should be procured and ordinary beet juice will make a beautiful shade of red and the most delicate pinks; a drop of bluing will produce light blue and navy, according to quantity; a small amount of coffee will produce yellow and brown, and as these substances are all perfectly harmless, there is no reason why the youngsters should not enjoy them.

Lesson in Astronomy.
"I wonder," said the youthful astronomer, who was slow to do what was expected of him, "if—if you would let me associate you with some star—Venus, perhaps, star of love?"

"Well, no," said the lady addressed thoughtfully. "I would rather you thought of me as Saturn."

"Indeed! Why?"

HERE'S FIRST HARBINGER OF SPRING

This model, the very first of the spring fashions to appear, gives an idea what the coming sport fashions will be. The bonnet is of white Georgette crepe edged and daintily trimmed with a band of navy and Copenhagen blue crocheted wool. The cluster of grapes at the side is another feature that adds distinction to the hat.

Obituary

T. B. Townsend.
T. B. Townsend, aged 79, pioneer granite dealer, contractor and brick manufacturer of Zanesville, died yesterday afternoon in Los Angeles, Calif. His son O. N. Townsend and his daughters, Mrs. R. C. Burton and Mrs. L. K. Brown were with him at the end. The funeral will take place in Zanesville.

Funeral of Willard Webber.
The funeral of Willard F. Webber who died early Friday morning will be held on Monday afternoon at 1:30 o'clock at the McGonagle undertaking parlors in West Main street. Interment will be made in Cedar Hill cemetery.

Card of Thanks.
We desire through the columns of this paper to extend our sincere thanks to all who in any way assisted during the sickness and death of our dear wife and mother, Mrs. Beckman. We especially thank Mr. and Mrs. Bradley for their kind services. Rev. Schmitt for his comforting words. The singers and all the beautiful floral offerings. August Beckman and family. 11-25-16

DRIVEN FROM BEDS.
(ASSOCIATED PRESS TELEGRAM)
Columbus, Nov. 25.—Fire which early this morning broke out in the railway Y. M. C. A. building here did much damage estimated at about \$1000 and drove 150 men from their beds into the cold. None was injured seriously. The cause of the fire is unknown.

G. O. P. MEETING CALLED.
(ASSOCIATED PRESS TELEGRAM)
Columbus, Nov. 25.—A call has been issued for a joint meeting of the Republican state central and executive committees to be held here Tuesday. The question of maintaining permanent headquarters here and the consideration of the possibility of asking for a recount on the state ticket in the last election will come before the meeting, it is reported.

BIG SUIT WITHDRAWN.
(ASSOCIATED PRESS TELEGRAM)
Elyria, O., Nov. 25.—Harry Robinson, of Canton, formerly of this city, has withdrawn his \$25,000 alienation of affection suit filed against William Smallwood. The suit was filed in connection with the divorce suit filed against his former wife, who later married Smallwood.

AKRON MAN MANAGER.
(ASSOCIATED PRESS TELEGRAM)
Elyria, O., Nov. 25.—B. W. Rote, of Akron, will become factory manager of the new \$500,000 rubber tire company which is expected to open its plant here on April 1 next, and employ 100 to 150 men at the start.

MORE WAGE INCREASES.
(ASSOCIATED PRESS TELEGRAM)
Warren, O., Nov. 25.—An official of the Trumbull Steel Co. announced today that his plant would follow the wage increases of other steel industries in Mahoning valley. Over 2000 men will be affected by a ten per cent increase. The Warren City Tank and Boiler works has given its 400 men an increase of 15 per cent.

CAR STRUCK AUTO.
(ASSOCIATED PRESS TELEGRAM)
Cleveland, Nov. 25.—Thomas Duffy was seriously injured and W. A. Campbell slightly injured early today when an auto in which they were riding was struck by a street car.

POSTMASTER KILLS SELF.
(ASSOCIATED PRESS TELEGRAM)
Logan, W. Va., Nov. 25.—James Moore, 45, for three years postmaster here shot himself while in an office in the downtown district this morning. He was dead when persons in an adjoining hall who heard the shot entered the room. Worry over business affairs caused Moore to take his life, friends say. He has a wife and four young children.

EXPECT APPOINTMENT SOON.
(ASSOCIATED PRESS TELEGRAM)
Cleveland, Nov. 25.—Local Democratic leaders today were expecting the federal judgeship vacancy here would be filled soon, as a result of Senator Atlee Pomerene's visit here yesterday. The senator called on United States District Attorney Wertz, whom he recommended to the President to fill the vacancy.

Scattering a good resolution isn't always an even break.

Mildy's Boudoir

Beware of Emotions.
Emotions have a most startling way of writing themselves upon the facial muscles. If we could study a picture of ourselves at the age of twenty, when we are thirty, we could see what the emotions have done for us in the ten years. Seeing oneself everyday, the little telltale lines and contractions creep upon us so gradually that their progress is almost unobserved.

Then some morning, when there is better light than usual, mildy happens to look in her mirror, and realizes suddenly that something has happened to her face and that it is not nice looking or pleasantly attractive as it used to be.

If you have suspicion that you have allowed worry, nervousness, sadness or the passing irritations of the moment to dominate you, and that perhaps your face is not all that it could be, stand before the mirror and be frank with yourself.

The corners and kinks around your mouth show you haven't laughed enough, or how out-of-balance the merry moods are by ones of anger, worry, jealousy, fear and melancholy.

Perhaps this morning study will convey to you the truth about the emotions. Each one of them leaves their wake on the smooth surface of the face. Beware of the indulgence in the unpleasant ones.

Granville

(Special to Advocate.)
Granville, O., November 25.—Prof. W. H. Johnson, secretary of the Denison Alumni Association is authority for the following statement, in which Advocate readers may be interested. One hears occasionally the question whether the college can wisely use any of its funds to put the suggested tunnel under College Hill in order to reach the new grounds more easily. The question is wholly misplaced, because no one has ever proposed using the ordinary funds of the college for that purpose. When the tunnel is built (and it will be built, in due time) it will come as the gift of those who realize the value to physical and moral health of abundant opportunity for out-door exercise, who are devoted to Granville and its college, and who will take genuine pleasure in making these grounds easily accessible to the people of the town. It should be unnecessary to say that the gift and use of the amount necessary for that purpose will not diminish by a single dollar the amount to be expended for other needed and useful objects.

The entertainment at the Presbyterian church last evening under the auspices of the men's class was the second of these monthly meetings to be given this fall and it proved a great success. Rev. W. S. Domes of Zanesville delivered an address on the "Relation of the Brotherhood to the Church" which proved eloquent and inspiring. The Denison quartet led by Mr. Gerald Athey gave the utmost satisfaction, every number being encored repeatedly. A good crowd was in attendance and enjoyed the buffet luncheon at the close of the program. These affairs given by the men of the church have become very popular.

The congregation of the Presbyterian church is invited to join in the John C. Wooley meeting at the Church of Christ in Newark tomorrow afternoon at 2:30.

Mr. and Mrs. Earle Foote of Minneapolis, Minn., (Miss Dorothy Buddie) both graduates of Denison, were in Granville yesterday calling upon Denison and Shepherdson friends.

Mr. Burton Case has been laid up during the past week with the prevailing malady, a gripe cold.

Miss Geneva Lowe of Newark is painting china in Miss Hawland's studio, Shepardson college.

Among the out of town people who attended the funeral of Mrs. Fannie Green today were: Dr. E. Z. Green of Toledo; Dr. H. A. and Mrs. Green of Cambridge, sons of the deceased; Prof. and Mrs. A. D. Cole of Columbus; Burton and Richard Raine of O. S. U. The beautiful service was held at the home of Dr. and Mrs. L. E. Davis, which for several years had been the home of the deceased. Rev. Millard Brelsford of the Baptist church officiated and assisted. Music was furnished by a quartet composed of Mrs. Marion Rose Johnson, Miss Rachel Kendal, Messrs. W. P. Ullman and John W. Hundley. Pall bearers were friends and neighbors of the family: Profs. C. L. Williams and G. F. McKibben, Mr. T. M. Kier, Mr. E. C. Roberts, Mr. W. A. Holmes and Mr. Hiram Partridge. Interment was made in Maple Grove cemetery.

St. Luke's church, Sunday, Nov. 26. The Sunday next before Advent. There will be no morning service at St. Luke's this Sunday in order that all members of the parish may have the opportunity of hearing the bishop of the diocese, the Rt. Rev. Boyd Vincent D. D., who will officiate at the 10:30 a. m. service at Trinity church, Newark. Evening prayer will be said in St. Luke's at 7:00 p. m. with sermon by the rector, Rev. David Barre. Thanksgiving this year falling on Nov. 30, the Feast of St. Andrew, there will be special services at 10:00 o'clock on that morning in St. Luke's.

At the Presbyterian church tomorrow the pastor Rev. E. D. Barnes will preach for both services, taking for his morning topic: "Is America a Christian Nation?" Evening service at 7 o'clock. Topic of the sermon: "Let Not Your Good be Evil Spoken Of." Preceding the evening service, Miss Rockwood will give an organ recital of sacred music.

At the Methodist church the pastor Rev. Otto Gleson will preach in the morning on "A Great Reward." Evening services at 7 o'clock. All are invited.

The Thanksgiving service will be held in the Presbyterian church Thursday morning at 10 o'clock with the sermon by Rev. Millard Brelsford. The customary offering will be taken for the Kings Daughters.

At the Baptist church the pastor Rev. Millard Brelsford will preach for the services. Topic for the morning. "The Fore Thought of God," for the evening. "The Divine Sympathy."

A large delegation of the football enthusiasts went to Columbus today to witness the game between O. S. U. and Northwestern. The weatherman's prediction for an ideal day for once was fulfilled.

What Ohio Club Women Are Doing

Mrs. Prentice E. Rood, Director of Press.

In response to an appeal from Immigration Commissioner Caminetti of the U. S. department of labor, for co-operation in the work of the women and girls' division of the employment service, Mrs. George Zimmerman, president of the Ohio Federation of Women's clubs, issued the following message:

To the Members of the Ohio Federation of Women's Clubs
May I ask your careful consideration of the plan of the women and girls' division of the U. S. employment service of the department of labor? This work has been endorsed by the general federation.

A letter from the commissioner-general, A. Caminetti, informs me that the department intends at an early date to establish such a system in our state.

It gives me great pleasure to commend to you Mrs. Nan W. Sperry, who has been sent as a representative of the department to promote the work in Ohio.

As president of the Ohio Federation of Women's Clubs I earnestly request that the clubwomen co-operate with and assist in this work, which is so closely related to the immigration and Americanization problem. Faithfully yours, Angelina Zimmerman.

Americanization.
Are you taking any active interest in the foreign citizen of your town? At the recent meeting in Toledo of the American Board of Commissioners for Foreign Missions Miss Ellen Stone emphasized the fact that what the "stranger within our gates" needed more than anything else was our friendly interest. Many of them are educated, having been taught in the mission schools; but they are totally ignorant of the requirements of our country in the making of good citizens.

Save Your Magazines.
One of the institutions of which Ohio is justly proud is the new reformatory in Marysville. Mrs. Louise M. Mittendorf, whose address at Dayton was listened to with such interest, is the superintendent. Among the needs of the inmates are books and magazines. Do not sell the latter, although unusual prices are being paid for them, as waste paper. Each week send those you are quite through with to Marysville. Mrs. Mittendorf says: "If every club federated with the Ohio Federation of Women's clubs would send us one book think of the library we would have."

Equal Suffrage.
Miss Anna B. Johnson, past president of the state federation, finds her time more than full addressing clubs which are giving at least one day's program to the study of the suffrage question. It is indeed a very narrow mind that is not willing to listen to both sides of so important a subject. Miss Johnson has recently been appointed a member of the National Public Health Committee for the Promotion of Public Health Nursing.

For Winter Colds

You need a real tonic. Strength is required to overcome the trouble. Let that tonic be one that is specially valuable in cold conditions, and you can conquer the cold. A cold is acute catarrh; it may become chronic. Chronic catarrh frequently becomes systemic, involving the stomach and the intestinal tract as well as the nose or throat. It means degeneration.

PERUNA IS INVIGORATION

It clears away the waste matter, dispels the inflammation and tones up the system. For forty-five years it has been used in catarrh by thousands of grateful sufferers, who willingly tell the world of their relief. Peruna's long history of helpfulness is the best evidence that it is what you should take.

AUDITORIUM.

Manager Fenberg of the Auditorium will offer to his picture fans, tomorrow Theda Bara, who is brought back by popular demand and will be seen in Oudja's famous story "Under Two Flags." Miss Bara will play the part of "Cigarette" and in this role so obtains a personal triumph as she gives a characterization which will never be forgotten because of the buoyant enthusiasm and vivacious personality which she puts into the part.

The supporting cast is very strong and includes Herbert Hayes, as the hero, being a dignified, forceful figure, with Stuart Holmes giving his usual dominating characterization of the villain. Claire Whitney has a part that shows up to advantage. Nearly everybody has read the story of Under Two Flags, if not you should see the great production William Fox has produced. Six wonder reels are seen and this together with the Pathe Weekly, full of most interesting events, make up a Sunday program that none should miss. Donald Kissane, the leader of the concert orchestra, will arrange a clever musical program and the new organ

Scene From Oliver Morosco's Big International Success "Peg o' My Heart," at The Auditorium, Thursday, Nov. 30

will also play an important part in the program.

"Big Revue of 1917."

Being gifted with unusual strength and a remarkable voice is the asset of Altie Mason, known as "The Athletic Girl," and a member of Henry P. Dixon's Big Revue company which is to be the next wheel attraction at the Auditorium theatre Monday afternoon and evening.

It is not so long ago that Miss Mason was a student at Vassar college. She went in for athletics from the start, with the result that she scored both in the running and rowing events and other contests requiring stamina and endurance.

About three years ago, before she had an opportunity or even dreamed of taking up the stage, Miss Mason had an adventure that gave her a chance to test her strength. As editor of one of the college papers she had occasion to visit a certain section of the city in search of material for a special story. On the way she encountered a well-dressed young man who ogled her out of countenance and then offered her an insult. Rather than become involved in a row she tried to avoid him by going down a side street. To her surprise the man followed. He renewed his insulting tactics with unabashed and offensive vigor. Still wishing to avoid trouble, Miss Mason kept on her way, with the man in pursuit. Unable to stand it any longer, the young woman grabbed the audacious offender by the arm, jostled him to the ground, dragged him to another street and presented him, much bedraggled and dirty and with a bruised and humiliated countenance, to the crowd that gathered. Then Miss Mason told and a mighty cheer rose. It was urged that he be arrested. Miss Mason thought, however, that he had

up by her father in poverty and suddenly introduced into a family of aristocratic relatives in England. Her appearance shocks her father's relatives, and her unfamiliarity of ways of aristocracy leads to many humorous situations.

The play is brimfull of clever wit and humor interwoven with a thread of love and affection. The producer has mounted the production in lavish style and supplied a cast of more than usual merit. Mail orders are now being accepted.

ALHAMBRA.

Charlotte Burton, who plays opposite William Russell in the Mutual Star Production, "The Strength of Donald McKenzie," the five part human interest drama, which comes to the Alhambra theatre on Sunday, has been before the public since she was a mere child. She began her career on the stage when she was but eight years old, playing in the "Brownies in Fairyland." At sixteen she played in the support of Nanette O'Neill at the Grand Opera House, San Francisco, and later played leads in prominent western stock companies. She played a season with the Nordant-Humphrey Company at the McDonough Theatre in Oakland, and headed a company of her own which played a season in Seattle.

In 1912 she joined the forces of the American Film Company, Inc., where she has been starred in numerous feature photodramas. She was selected for her beauty and ability to play with Mr. Russell in the William Russell series of Mutual Star Productions. She is recognized as one of the ablest of emotional screen artists, and has built up a big following for herself through her attractive personality and finished acting. She has a powerful role in "The Strength of David McKenzie."

swims about in the sluiceway, the water approaching the upper level with increasing rapidity. But Ravenger saves the day again when he overpowers several of Bianca's henchmen and turns off the water and opens the gates.

"The Burned Record," fifth chapter of "A Lass of the Lumberlands." In this episode of the following thrills can be seen: A boiler explosion, Election day in a lumbercamp; The riot rages in a pistol fight; A perilous hand-over-hand climb along telegraph wires; The burning of the city hall; The arrival of the cavalry. See it at the Grand on Sunday and hear the four-piece orchestra.

GEM.

Monday.

Critics of photoplays who denounce the film industry because they do not present strong stories will have no complaint to make when they see the Mutual Masterpiece, DeLuxe Edition, "Revelations," a five act drama produced by the American Film Company, Inc., which appears at the Gem theatre, with Constance Crawley and Arthur Maude in the leading roles. The scenario, which was written by J. Edward Hungerford, is one of the strongest ever screened.

The action revolves around Magda, the daughter of a German army officer, who leaves home to seek a career on the operatic stage. Magda goes to Paris, where she fails to realize her ambition, and, driven by poverty, she becomes a beggar on the street, singing before cafes for the price of a meal.

MME. CULP'S CONCERT.

One of the most delightful concerts of the season was the song recital given last evening at the municipal Auditorium by Mme. Julia Culp.

Mme. Culp is an artist of fine quality and positive character, whose interpretations are always sincere, intelligent and carefully studied. In whatever she sings one feels a firm grasp of the whole and a consistent management of the details; the result is an artistic unity which commands admiration.

Her voice is of a sort suited for lieder a full, warm and smooth mezzo-soprano, to which hardly any type of song comes amiss. It is the great advantage of an ample voice that it gives the effect of unlimited reserve power, a gift the more valuable in lieder because of the peculiar intimacy of this form of art.

Last night Mme. Culp's voice with the utmost ease and naturalness filled all parts of the Auditorium and her enunciation whether in German, French or English, was beautifully distinct.—Springfield Republican.

Madame Culp will be heard here on the Women's Music Club Course December 12. Tickets on sale at T. J. Evans' Drug Store.

KOZY.

For Sunday only, Manager Welch has procured one of the most-talked-of photo plays of the present day, "The Burglar and the Lady," a five reel feature that not only contains an interesting story, but also carries a moral that makes the picture valuable. James J. Corbett, the ex-fighter, is the star of the play, and shows he has a great deal of knowledge in the field of acting, his part being portrayed in an excellent manner during the entire production.

LOCAL MOVIE PLAY.

The Auditorium theatre was packed this afternoon to witness the local photo play, "Twas School Days," in which a number of well known local people are seen on the screen, including Mrs. Helen Garrity, Mrs. Marvinton Moore, Misses Blanch Trosi, Helen Caldwell, Gladys Kettering, Zelma Helsley and Messrs. Walter Rauch, Frank Strayer, LeRoy, Messrs. Ralph Liscombe, A. C. Willert, Dr. D. W. Winters and A. J. Denison.

The play will be seen again this evening, together with the great Fox feature, "The Mediator," five reel wonder photoplay, featuring George Walsh and Juanita Hansen and a select company of stars. This big double bill no doubt will do capacity business several times over. The local players are all said to be very clever.

SUNDAY LEADER GETS ALL HEARST'S FEATURES.

The Cleveland Sunday Leader has just added all the features of the International News Service. This includes the Original Katzenjammers, Bad Boy Jimmy and Happy Hooligan in the comic section and a special Krazy Kat comic, nearly a page in size.

A full page, inspiring editorial by Arthur Brisbane is another strong feature.

A page of comics by famous artists, including McManus' "Bring up Father" is now a feature of the daily Leader. Readers of The Leader also get all the news of the world and of Ohio something that no Chicago or New York paper does for Ohioans.

FIFTH EPISODE OF

PEG O' THE RING

"THE HOUSE OF MYSTERY"

Admission.....5c

Principal Auditorium by Mme. Julia Culp.

Mme. Culp is an artist of fine quality and positive character, whose interpretations are always sincere, intelligent and carefully studied. In whatever she sings one feels a firm grasp of the whole and a consistent management of the details; the result is an artistic unity which commands admiration.

Her voice is of a sort suited for lieder a full, warm and smooth mezzo-soprano, to which hardly any type of song comes amiss. It is the great advantage of an ample voice that it gives the effect of unlimited reserve power, a gift the more valuable in lieder because of the peculiar intimacy of this form of art.

Last night Mme. Culp's voice with the utmost ease and naturalness filled all parts of the Auditorium and her enunciation whether in German, French or English, was beautifully distinct.—Springfield Republican.

Madame Culp will be heard here on the Women's Music Club Course December 12. Tickets on sale at T. J. Evans' Drug Store.

KOZY.

For Sunday only, Manager Welch has procured one of the most-talked-of photo plays of the present day, "The Burglar and the Lady," a five reel feature that not only contains an interesting story, but also carries a moral that makes the picture valuable. James J. Corbett, the ex-fighter, is the star of the play, and shows he has a great deal of knowledge in the field of acting, his part being portrayed in an excellent manner during the entire production.

LOCAL MOVIE PLAY.

The Auditorium theatre was packed this afternoon to witness the local photo play, "Twas School Days," in which a number of well known local people are seen on the screen, including Mrs. Helen Garrity, Mrs. Marvinton Moore, Misses Blanch Trosi, Helen Caldwell, Gladys Kettering, Zelma Helsley and Messrs. Walter Rauch, Frank Strayer, LeRoy, Messrs. Ralph Liscombe, A. C. Willert, Dr. D. W. Winters and A. J. Denison.

The play will be seen again this evening, together with the great Fox feature, "The Mediator," five reel wonder photoplay, featuring George Walsh and Juanita Hansen and a select company of stars. This big double bill no doubt will do capacity business several times over. The local players are all said to be very clever.

SUNDAY LEADER GETS ALL HEARST'S FEATURES.

The Cleveland Sunday Leader has just added all the features of the International News Service. This includes the Original Katzenjammers, Bad Boy Jimmy and Happy Hooligan in the comic section and a special Krazy Kat comic, nearly a page in size.

A full page, inspiring editorial by Arthur Brisbane is another strong feature.

A page of comics by famous artists, including McManus' "Bring up Father" is now a feature of the daily Leader. Readers of The Leader also get all the news of the world and of Ohio something that no Chicago or New York paper does for Ohioans.

Every Woman Soft, Clear Skin

Every woman no matter how ordinary the features can have a clear, soft complexion and smooth white hands by using Sheeran's Cream of Quinacene. It is a particular cream for the particular purpose of keeping the face and hands soft, white and smooth. Good appearance is a personal asset—cultivate it. Price 35c. OUCH! LUMBAGO! RUB PAINS FROM SORE, LAME BACK

Rub Backache away with small trial bottle of old, penetrating "St. Jacob's Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacob's Oil." Nothing else takes out soreness, lameness, and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin. Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.—Advertisement.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breakfast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tall boiling cup of the tea, put a cup of lemon water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

**Germans Hesitate
to Clothe Military
With Great Powers**

(ASSOCIATED PRESS TELEGRAM)
 Berlin, Nov. 25.—Hearings before the committee
 on civil war foresaw that the
 government's "home army bill" will
 not have entirely smooth sailing in
 the reichstag. Speakers represent-
 ing various parties objected to giv-
 ing the military authorities a free
 hand in organizing the home ser-
 vice and insisted that the adminis-
 trative details be strictly defined by
 the reichstag or with its cognizance
 and approval.

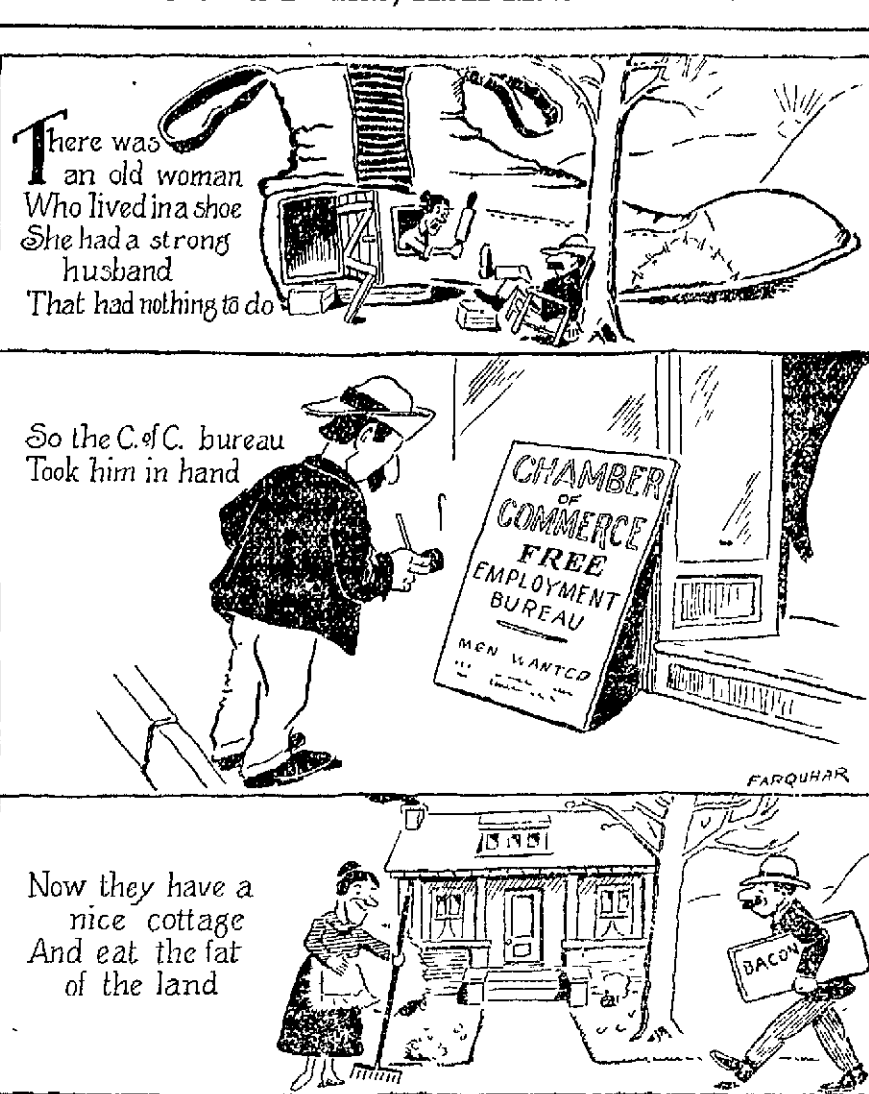

Clerical and socialist speculators
 adverted to experiences with the cen-
 sorship, martial law, and preventive
 arrests as grounds for with-
 holding such immense powers from
 the military authorities. Some
 speculators also raised doubts as
 whether so drastic a measure was
 necessary before reforms were tried.
 A progressive speaker thought
 certain classes of factories not min-
 istering to the war or the produc-
 tion of necessary goods, might close
 and asked why work on certain pub-
 lic buildings was not suspended and
 the laborer thus released, assigned
 to the production of ammunition.
 A clerical speaker favored the
 abolition of officers' privilege of
 keeping "strikers" especially in the
 home service. He also advocated a
 reduction in the number of ordi-
 naries and the working force in vari-
 ous military and civil offices.

**FIVE BOYS BURIED
ALIVE BY CAVE-IN.**
 (ASSOCIATED PRESS TELEGRAM)
 Baltimore, Nov. 25.—Five boys
 were buried alive by the caving in
 of a sand bank in West Baltimore
 last night. Four boys were taken out
 dead and the fifth had no expecta-
 tion of being rescued. The boys ranged in age
 from 12 to 16.

The back-to-the-soil movement
 has been made permanently effective
 with thousands of unfortunates on
 both sides of the war.

SUGGESTION FOR USE OF ESCROW FUND

Editor of The Advocate:
 Suggestions for division of the gas
 escrow fund have been numerous and
 varied. At one time it was proposed
 to divide the \$190,000 equally be-
 tween the gas company and the con-
 sumers of gas on condition that a
 larger gas man be brought to New-
 ark. Another proposition was to
 give one-half of the money to the
 Hospital and the Library. Other
 suggestions have been made but it
 should be remembered and in fact,
 was remembered by the Hospital and
 Library trustees, that nobody can de-
 cide what shall be done with the
 other fellow's share. All this is pre-
 dicted upon the theory that the fund
 will be given to the consumers. The
 court may decide the case in the gas
 company's favor.
 Wouldn't it be a fine thing for
 Newark if that whole sum could be
 kept intact and used for Newark's
 industrial growth? I heard a man
 say today that he believes the gas
 consumers would be willing to loan
 this money to the Chamber of Com-
 merce for ten years on condition that
 the Chamber reloan it on mortgage
 security at 2 percent to promote the
 manufacturing interests of Newark.
 There is no doubt that the Chamber
 of Commerce could make Newark
 grow rapidly if it had \$190,000 to
 loan to manufacturers at 2 per cent.
 The gas consumers would not be giv-
 ing the money away. They would not
 be investing it. They would simply
 be loaning it to Newark for ten years
 and would get not only the principal
 and 2 per cent interest but would in
 the next few years witness a great
 industrial growth of the town. What
 do the people think of this idea?

FIRST CONCRETE IS POURED FOR THE NEW POSTOFFICE WALLS.

The first concrete for the new
 postoffice building at First and East
 Main streets was poured Friday,
 Assistant Postmaster J. M. Farmer
 having the distinction of doing the
 first real work on the building. The
 assistant postmaster pulled his coat
 and taking a big, heavy cask of the
 mixed stone, cement and water,
 poured it along one of the trenches,
 thus establishing the first link in
 the hundreds of yards of cement
 which comprise the foundation. A
 local photographer was on the
 ground and secured a snap shot of
 Assistant Postmaster Farmer at his
 task.

DOING GOOD DEEDS.
 Do a good deed every day.
 Each ray of light from a dis-
 tant star has been traveling on
 through the ether for hundreds
 of years. Yet it still remains
 pure and strong enough to af-
 fect the negative plate of the
 astronomer's camera. So with a
 good deed. Set it going and who
 knows the end of it? Not the
 world of this century or the
 next, for its influence will travel
 on for ages to come.

The Eternal Feminine.
 "Did you have a pleasant afternoon,
 dear?" asked the man.
 "No," snapped the wife; "I had a per-
 fectly beastly afternoon."
 "Why, I thought you were going
 down to buy a new hat?"
 "I was, and I did."
 "Then why didn't you have a good
 time? I thought—"
 "Yes, you thought. Well, I'll tell you,
 I intended to have a lovely time buy-
 ing that hat, but they had just what I
 wanted at the first store I went to, so
 I had to buy it. And there wasn't any-
 thing to do for the rest of the day, so I
 couldn't enjoy myself one bit"—Brook-
 lyn Eagle.

Allies Tighten Financial Bonds Against Enemies

(ASSOCIATED PRESS TELEGRAM)
 London, Nov. 24.—With reference
 to the royal proclamation issued yester-
 day making all financial instru-
 ments contraband, it is explained
 officially that the new proclamation
 is an amendment by the entente gov-
 ernment of the one issued in April
 in order to introduce an absolute cer-
 tainty into neutral financial opera-
 tions. It is declared, the entente gov-
 ernments frankly intended, it is pos-
 sible, to prevent every transaction cal-
 culated to assist the Teutonic allies
 to prosecute belligerent operations
 in any part of the world.
 Hitherto, it is asserted, there
 have been attempts by the Central
 Powers to evade the terms of the
 previous proclamation. The new
 declaration defines the intentions of
 the entente governments more clear-
 ly and, it is asserted, states frankly
 to the whole neutral world that the
 entente intends to use by every legiti-
 mate means to prevent any neutral
 from financially assisting their op-
 ponents. The official statement adds:
 "Money in the long run wins wars
 and no one who realizes the power of
 money can regard our action as
 either illegitimate or unnecessary.
 To give one indication of the vast
 importance of this question it is cal-
 culated roughly that since the allies
 began examining-mails to neutrals
 contiguous to Germany, they have
 stopped 50,000 pounds sterling
 which were going to banks or per-
 sons in enemy countries and includ-
 ing large numbers of subscriptions
 to enemy war loans.
 "If instruments of any kind what-
 ever having the object of transfer-
 ring such vast quantities of money
 to the enemy are not to be regarded
 as contraband it is impossible to con-
 ceive what can properly be so re-
 garded."
 The proclamation gives the follow-
 ing definition of what will be con-
 sidered contraband: "Gold, silver
 paper money, securities, negotiable
 instruments, cheques, orders, war-
 rants, coupons, letters of credit, de-
 legation or advice credit and debit
 notes or other documents which au-
 thorize, confirm or give effect to the
 transfer of money, credit or securi-
 ties."

Abe Martin

"I seen a shootin' star last night,"
 said Mrs. Fann Lippincott. "An' it
 left a beautiful trail of fire in its
 wake an' lasted almost as long as a
 movie kiss." Opportunity is like
 some callers. It allus seems 't know
 when you're out.

 New York, Nov. 25.—Andrew Car-
 negie is 81 years old today. He
 planned to spend the day with his
 family at his home here to receive
 a few friends in the afternoon and
 to partake of a birthday dinner to-
 night. Mr. Carnegie's friends say he

 the scene. A later message said that
 the crew was getting the fire under
 control.

TWO MOST NOTED LEADERS OF ANTI SALOON LEAGUE FORCES IN AMERICA

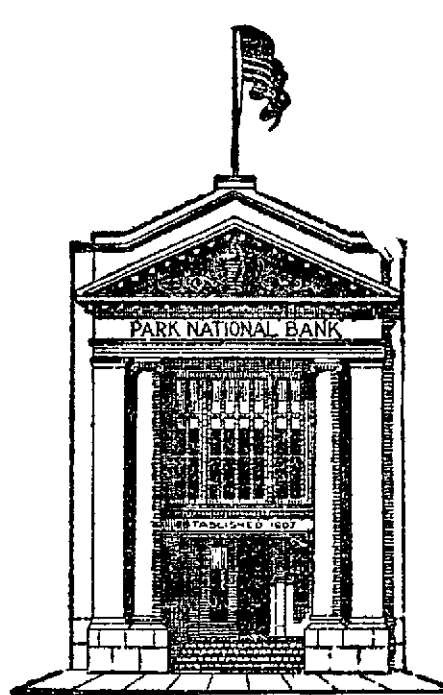

JOHN G. WOOLEY OF ILLINOIS
 GEORGE W. MORROW OF MICHIGAN

WILL SPEAK TOMORROW (SUNDAY) AFTERNOON AT 2 30 O'CLOCK IN THE CENTRAL
 CHURCH OF CHRIST AT NEWARK

Hear these noted men in the great "Dry America" rally conducted by the Anti-Saloon League
 of America with the co-operation of the Ohio Anti Saloon League. All are welcome. Admission
 is free.
 John G. Wooley is one of the colossal figures of the temperance reform. For more than a
 score of years he has gone up and down the land like a consuming flame, calling upon the
 church to throw off its indifference and make war to the death on the legalized saloon.
 In 1893 six states were under prohibition—Maine, Vermont, New Hampshire, North Dakota,
 South Dakota and Kansas. Today half of the states are "dry."
 Go to the Church of Christ tomorrow afternoon and hear the liquor question discussed by
 John G. Wooley and George W. Morrow. Admission free.

Start Tonight On Your Christmas Buying

You must shop early this year, in order to get the opportunity of selecting from complete stocks. Our Christmas lines have been coming in all through the summer and fall and now all holiday goods are on display and when the present assortment is broken, it will be absolutely impossible to fill these again, on account of conditions in the market.

REMEMBER— IT MEANS A GREAT DEAL

To the children and all your friends, whether you shop early this year. A little forethought and planning on your part by shopping Saturday evening and next week, will give you a great advantage and help you to get just the things you want.

DON'T DELAY SELECTING TOYS.

Above everything, don't neglect the children's toys. Already many of these are being selected and if you do not find it convenient to take them home now, you can make a deposit on them, and we will hold them here until Christmas.

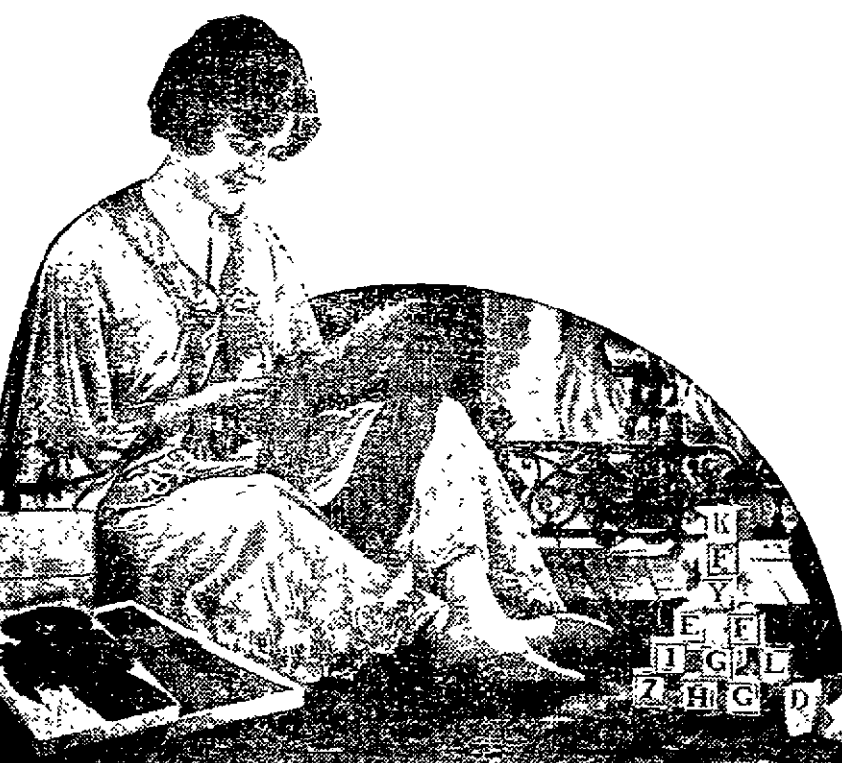

NEXT WEEK WE CONDUCT TWO DEMONSTRATIONS.

One to be given by an expert worker sent here by the manufacturers of GOLDEN FLEECE YARNS, who will instruct you in KNITTING AND CROCHETING. The classes will start Monday, and are FREE. This will be a splendid opportunity for you to learn to make many new things for Christmas gifts. Many pretty novelties will be on display which have been made of these fine yarns, and you can make anything you want during these lessons. Come in Monday, and arrange for your lessons, so you can get full benefit of these instructions.

SPECIAL DEMONSTRATION OF HENDERSON CORSETS BY AN EXPERT CORSETIERE

Direct from the factory. We cordially invite you to attend this demonstration, as we feel you will be amply repaid by inspecting the new and attractive styles in back and front lace models. Miss Maguire, the corsetiere, will be glad to meet you, and give you free expert corset advice, and will fit without extra charges any corsets that are purchased. Licking County Building and Savings Company

To Our Patrons and Friends:

This Company was chartered by the State of Ohio Dec. 20th, 1900, and has now nearly completed sixteen successful years.

From a small beginning we have steadily grown to resources of nearly six hundred thousand dollars. We have received and disbursed more than eight millions of dollars, and no patron has ever lost one penny.

But our greatest satisfaction is not in large figures, but in the real good we have accomplished, the spirit and purpose of this Company is to help folks help themselves. Thrift and home ownership are our slogans and thrift and home ownership are the safeguards of American Liberty.

Almost every account on our books carries with it a story of vital humane interest. We have taught school children thrift, we have helped boys and girls to accumulate funds for their college education. We have afforded a safe and convenient place for wage earners to make "payday" deposits, and provide for the "rainy day" we have cared for old age funds; we have invested the funds of widows, and orphans, so as to yield the largest return consistent with absolute safety. We have satisfied the desire of hundreds of people for a home of their own.

Our conservative business methods in loaning our depositors money, on first mortgage security, on farms and good Newark city real estate (no better security on earth) without the loss of one dollar to this association, and our moderate office expenses, enable us to pay our depositor 5 per cent interest on time deposits and savings accounts, and we have grown financially stronger each year. Such is our record.

If you are looking for a safe, sane and profitable investment for your money, with a steady income, you will find it at the Licking County Building and Savings Co., 34 North Third street.

Our officers and directors are:

President—W. S. Wolant.

Vice President—A. H. Rickert.

Secretary—O. C. Jones.

Asst. Secretary—H. H. Wright.

Treasurer—E. C. Wright.

Auditor—Ralph Norpell.

Directors—W. S. Wolant, A. H. Rickert, Chas. Vogelmeier, E. C. Wright, Carl Norpell, H. H. Wright, Add. Fulk.

If you wish to purchase city property, or a farm, see us, we can give you best terms and prompt service.

We invite the public to call and inspect our new office.

POSTMASTER GIVES ADVICE ON MAILING

To the Patrons of the Newark Post Office:

We are nearing the holiday season, when the mails will be greatly congested. If we can secure the cooperation of the patrons of this office by complying with a few suggestions the service can be very materially improved.

We here by wish to ask all patrons to think we are talking directly to them.

Mail your parcels early, not only early in the week preceding Christmas day, but early in the day of mailing. We are rushed each evening all of the time with ordinary mail and can not give you the attention that we can in the early hours of the day.

Be sure you prepay postage fully on all parcels. Do not guess at the amount. Have them weighed.

Be sure you have the address plainly and fully written and that you have your return address thereon. Having the name and address of the sender on your package is of great importance, as in all cases where delivery can not be made you will be notified when you can send a corrected address or have the package returned to you.

Pack your articles carefully and wrap them securely, and be sure you find a good stout cord to tie them with.

A great many seem to want to mail everything in a shoe box. The average shoe box is all right for light fluffy articles but should not be used for articles made of glass, china, clay or metal. The weight of your article smashes your box. It is false economy to risk the breakage or loss of your article to save a few pennies in postage. Use a good stout box that will not crush from either within or without.

Do not seal packages. If sealed, they are first class mail, regardless of the contents, and must have first class postage paid.

Insure your packages. The fee is very light. If they are lost or destroyed you will be reimbursed.

Mail your parcels early; they may be marked "Do not open until Christmas."

Written inscriptions, such as "Merry Christmas," "Happy New Year," "With Best Wishes," are permissible, but no communication. To place a communication of any kind

RHEUMATICS—GO TO IT

All Over the Country They Are Taking "Neutrone Prescription 99"

"Neutrone Prescription 99" removes the poisonous accumulations that lodge in the blood.

After one week's use you will be looking at other sufferers instead of being an object of misery and pity.

Your joints and muscles will be loose and limbered up, all aches and pains will be gone, you will feel like new.

As soon as you take "Neutrone Prescription 99" you can feel the pain and misery leaving and comfort and happiness coming in. Go to your druggist today and get a 50c or \$1.00 bottle, then enjoy life, feel like doing things again. Mail orders filled on \$1.00 size.

with parcel makes it first class and we can not send it out until you call and pay postage in full.

If you want a letter to go with the parcel, place your letter in an envelope, place a two cent stamp on the letter and attach it securely to your parcel, on the outside, not inside. Do not try to deceive the department by placing letters inside of parcels. It is the duty of all Post Office employees, at point of mailing, destination or anywhere between these points to know whether the parcel is what it is represented to be. You not only delay the delivery of your package but place yourself liable to criminal prosecution by such deception. The postal rates are very low. If you are not sure of the class, ask the clerks at the windows, or use the phone. It is more satisfactory as a rule to come to the office for information.

We are sure if these simple suggestions are carried out you will have no complaint as to the delivery of your parcels nor of the condition in which they reach their destination. Respectfully,
F. T. MERCER, P. M.

Mrs. Ross' Experience

Tanlac Relieved Her of Stomach Trouble and Has Done Her Lots of Good

Mrs. M. J. Ross, 396 Florence avenue, says: "I suffered from stomach trouble, loss of appetite and weakness. Tanlac has done me a whole lot of good and I can work now without becoming exhausted."

Tanlac is demonstrated at Hall's Drug Store, Newark, and is for sale at Hebron by the Hebron Drug Co.; Pataskala, by J. R. Strine; Johnstown, by C. S. Howard; Croton by J. W. Haines; Centerburg, by E. B. Walters; Granville, by W. P. Ullman; Utica by P. H. Richardson.—Advertisement.

Pine-Tar Relieves a Cold

Dr. Bell's Pine-Tar-Honey contains all the soothing elements of the pine forest. It heals the irritated membrane, and by its antiseptic properties lessens the phlegm. You breathe the easier and what promised to be severe cold has been broken up. For that stuffed-up feeling, tight chest or sore throat take a dose of Dr. Bell's Pine-Tar-Honey and prevent a wearing, hacking cough dragging through the winter. At your Druggist, 25c.—Adv.

THE WORLD WAR A YEAR AGO Today—Nov. 25.

Russia was gathering heavy guns of Japanese make at Odessa, a water base convenient to the Balkan war zone.

France issued a "loan of victory."

Two Years Ago Today.

Germans again captured Strikow and defeated Russians before Lovicz and Lodz, taking 40,000 prisoners, 70 cannon and 150 machine guns.

CREATORE AND THE COLUMBIA

Those who have attended the Panama-Pacific Exposition will perhaps never quite forget the figure of the weird Italian band conductor—Creatore.

One of the most unforgettable interpretations of the universally beloved "Nearer, My God, To Thee," has been recorded by Creatore and his famed band for the Columbia Graphophone Company.

Silver-toned church chimes mark the opening of the selection and sweetly echo throughout the impressively sustained cadences. It would seem that some of the intangible personality of Creatore himself is reflected in this unique recording of the familiar hymn.

A Clogged System Must Be Cleared

You will find Dr. King's New Life Pills a gentle yet effective laxative for removing impurities from the system. Accumulated waste poisons the blood, dizziness, biliousness and simply muddies the complexion and the distressing effects. A dose of Dr. King's New Life Pills to-night will assure you a free, full bowel movement in the morning. At your druggist, 25c.—Advertisement.
